

Curriculum Vitae

Iheb Marouani · AI & Automation Engineer

THEBMAR@HOTMAIL.FR DE.LINKEDIN.COM/IN/IHEBMAR GITHUB.COM/IMAROUANI BASED IN GERMANY

I design and ship agentic AI systems for German industry — lead engines built on live CRM data, production logistics platforms, research-grade network models. End to end: from data layer to deployment.

EXPERIENCE

2026

German architectural glazing manufacturer — AI in Business Development

Agentic lead generation, CRM-integrated ICP systems, ad intelligence.

ONGOING

PredOpt — Co-founder

AI process optimization for DACH logistics SMBs.

2022–2025

Morefficiency LLC — Project Lead

Full-stack delivery for German SMB clients, e-commerce, lead generation.

Before and during my studies I worked in industrial safety, manufacturing, and field research — work that funded the degree and taught me how real operations run.
